FEATURES

Adobe PostScript 3 - True Adobe PostScript 3 offers reliability, increased performance, and the assurance of compatibility to work from virtually any software application and hardware environment today.

Oversized Printing Format - Custom size output to 330 mm x 469 mm gives you the freedom to print full-bleed with room for trim, registration marks, and more.

High Resolution - Print 600 x 600 dpi for near type-set quality text, line art, and for crisp grayscales or upgrade to 1200 x 1200 dpi for critical jobs that demand the highest quality output.

High Speed Controller - The IDT 79RC32355 processor coupled with XANTÉ's technology enables complex files to print incredibly fast.

Mirror Print - Allows you to print a job from any application so that the image is reversed from left to right providing right-reading, emulsion side down output.

Duplexing - The Accel-a-Writer 4N's optional duplexing feature allows you to print on both sides of the page automatically. This can be used with page sizes up to A3/279 mm x 431 mm.

Simultaneous Interfacing - The Accel-a-Writer 4N also comes with Parallel, USB, and 10/100BaseT interfaces that allow you to print from Macintosh, PC/compatibles, and workstations at the same time. It also supports Ethernet® (EtherTalk®, LPR, IPP, and TCP/IP).

Easy to Use Web Browser Interface - Enter the IP address of the printer in the address bar of your web browser to check its status, rename it, align paper, and much more.
